HOW YOU WORK AFFECTS HOW WELL YOU WORK

**PREMIUM
QUALITY**

ACADEMY MONITOR ARMS RAISE THE BAR FOR PERFORMANCE, RELIABILITY AND HEIGHT RANGE

The market is awash in bouncy, flimsy monitor arms that have limited height range and rely on springs or gas cylinders for counter-balance support.

Grand Stands' **Ace 20** introduces industry changing *Friction Support Technology*. The **Ace 20** is a true sit-stand monitor arm with 20" of height range that greatly exceeds the industry standard 10" to 13".

Our intelligent engineering provides ease of use and the stability to avoid screen bounce when typing. With no bottom weight load, the **Ace 20** supports two 27" monitors up to 10 lbs each.

Dual Bar
Monitor Arm System

ACE 20 DUAL

FEATURES:
